- PC-Fax Send Only for Mac[®] users.
- See system requirements on www.brother-usa.com.
- Requires connection to a wireless network.
- Maximum capacity based on using 20 lb. paper.
- Maximum number of printed pages per month and can be used to compare designed durability between like Brother products. For maximum printer life, it is best to choose a printer with a duty cycle that far exceeds your print requirements.
- The recommended range of monthly printed pages to achieve the best possible performance and printer life. Printers are intended to handle occasional usage beyond the range with little or no effect. Consistently printing above the recommended print volume, however, may adversely affect the print quality or life of the machine. It is always best to choose a printer with an appropriate recommended print volume to allow for any anticipated increase in printing needs.
- Approximate page yields in accordance with ISO 24711. For more page yield information see www.brother.com/pageyield.
